REMARKS

Applicants have amended the specification so that the first paragraph under the heading "Cross-References to Related Applications" now correctly references the domestic priority data. In particular, Applicants have amended the priority reference language for clarification purposes so that it now recites that the present application is also a continuation-in-part of the earlier U.S. Non-Provisional Patent Application Nos. 09/783,253; 09/782,927; 09/783,254; and 09/782,804, all previously referred to in the originally filed benefit claim and ADS sheets. Supplemental ADS sheets reflecting the corrected domestic priority information as well as a Request For Corrected Filing Receipt are further attached herewith.

CONCLUSION

Attached is marked up version of the changes made to the specification by the current amendment. The attached page is captioned "VERSION WITH MARKING TO SHOW CHANGES MADE".

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 650-326-2400.

Respectfully submitted,
